WELCOME TO Spring

As we emerge from our brief winter here in Queensland, it's time to roll up our sleeves and dive back into the garden. The Spring/Summer edition is brimming with exciting new plant varieties alongside your seasonal favourites.

We proudly collaborate with the world's top breeders, both globally and right here in Australia, rigorously testing their offerings at our Gatton site.

Our shelves are bursting with vibrant plants to brighten your outdoor spaces, a rich selection of indoor plants, and all the edible plants you need to craft fresh, home-grown salads.

Whether you're looking for native plants, climbers, hedges, or ground covers, we've got all your gardening needs covered.

Don't forget to check out our social pages and follow us on social media for the latest updates and gardening inspiration.

Happy gardening, and here's to a fantastic Spring and Summer!

From the team at Pohlmanns

Our ongoing commitment to sustainability

APCO 2024

For the third consecutive year, we are honored to be finalists for the 2024 Australian Packaging Covenant Organisation (APCO) Annual Awards.

Our nomination in the Industry Sector Award category highlights our commitment to sustainability through increasing the recycled content in our packaging, minimising landfill waste, and enhancing the reuse and recycling of nursery plastics.

We extend our heartfelt thanks to all our business customers for their unwavering support, particularly in returning nursery trays each week, allowing us to clean and reuse them, furthering our shared sustainability efforts.

We're also excited to introduce our new recycled polypropylene (PP5) punnets in our seedling product range. These punnets are fully compatible with the PP5 recycling scheme – just look for the PP5 symbol on the pack.

Enhancing the sustainability of our packaging is just one facet of our broader mission to reduce our environmental footprint across all aspects of our operations. We're excited to share more milestones as we continue to pursue our sustainability goals.

ARGYRANTHEMUM

Raspberry Ice

Bred in Australia and with its extra-large flowers this new Daisy is sure to impress. Pink and white bicolour flowers make a great statement in the garden or patio pot.

New

Living Colour

LADIVA

Lavender Berry Beautiful

The latest addition to the **La Diva** family from Dummer Orange is Berry Beautiful Lavender. They have the largest of all the flower heads from the La Diva family and a deep purple colour making them a perfect feast for bees and pollinators. With the same heat tolerance of the rest of the La Diva family, the Berry Beautiful will make a real showstopping display in your garden.

Keep an eye out for the full range of **La Diva** lavenders – bred for heat tolerance and flower performance.

NEW

Paradise
Create the feeling

Lavender Loveheart

This Australian bred Lavender is one of our favourites. With its candy pink flower heads and strong heat tolerance bred for our Australian climate, the Loveheart Lavender is one of our best-selling lavenders.

Lavish™
LAVENDERS
WORLD FIRST DOUBLE LAVENDERS

The large fluffy flowers of the Lavish Lavender are truly breathtaking when seen for the first time.

A world first and an Australian breeding breakthrough. The Lavish lavenders are a must for the garden.

ROSE

Coleus

MAIN STREET

The Main Street series of Coleus continues to be a great addition to the range with the widest selection of colours and leaf shapes available.

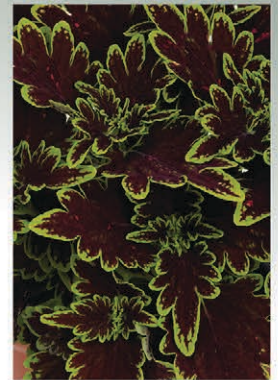

Great for shady locations and bringing a pop of colour to those corners of your garden. They perform well in large display pots around the patio and are easy to grow.

Bracteantha

Dreamtime

Bred in Australia, these beautiful bracteantha have been bred to perform and outlast the others. The classic paper daisy reimagined! The large and bright flowers are a great addition to any garden space, be it the native garden or on display in large pots. They have a long flowering window to enjoy all season long.

Grandaisy

The Grandaisy Argyanthemums have been bred for flower size and vigour. These large flowered, upright shrubs make a great statement in the garden. Available in 5 colours and bred in Australia to withstand our climate. Available in 175mm pots and will flower right into Summer.

BIG EEZE

GERANIUM

The Big Eeze Geranium has the heat tolerance of an ivy geranium but with the super-sized flowers and garden performance of a traditional zonal geranium. A wide range of colours available with flowers that continue to bloom all season long. Perfect for hanging baskets, large display tubs, balcony troughs and in the landscape.

The Big Eeze, is just that...easy

This season sees a new colour added to the popular Jolt series. Jolts love the heat and give continuous colour all summer long.

Dahlia

Double Dreamy

New

The Dreamy Dahlias have been selected for their gorgeous double blooms and tight growth habit. Two colours have been introduced to our range, double lilac and double rose. A gorgeous plant for any garden, easy to grow and produces an abundant number of flowers.

Rose

Lilac

New Guinea Impatiens

These stunning shade lovers produce an abundance of extra-large, bright flowers that sit above the foliage and add a splash of vibrant colour to shaded areas.

They come in a wide array of colours and are perfect for patio pots, indoors or any shady space.

Gerberas

The latest breeding brings extra-large flowers and a high disease resistance in our beautiful pot gerbera range. Available in an assortment of bright colours, the long lasting blooms are produced in abundance on uniform, strong flower stems and do well in pots around the home and in the garden. They also make the perfect gift!

The latest addition to the range of Showpiece roses is the new Orange. This stunning series is highly fragrant with large double blooms with great vase life. The Showpiece rose has unbelievable garden performance for the Queensland environment.

A must have for any rose lover!

BLUSH

CHAMPAGNE

LIPSTICK

ORANGE

SPICE UP YOUR SPACE

Perfect Chillies for Pots

Bred in Australia, these compact pot chillies are loaded with fruit which are tasty and ready to eat. Available in 6 different varieties, and a range of colours, they make the perfect pot plant on the balcony kitchen window which can be picked and added to your cooking or enjoyed as a patio plant. Medium to hot in flavour.

Orange Bantam

A high-yielding Chilli with compact foliage, white flowers and hot yellow, green, and brown fruits that ripen to an attractive glossy orange. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, dips, salads and pasta sauces.

Thimble

A high-yielding Chilli with compact foliage, white flowers and hot fruits that ripen from purple and yellow to glossy red. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, casseroles, dips, salads and pasta sauces.

Salsa

A high-yielding Chilli with compact foliage, green-white flowers and sweet fruits that ripen from yellow to a glossy red. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, dips, salads and pasta sauces.

Red Bantam

A high-yielding Chilli with compact foliage, green-white flowers and hot fruits that ripen from green to a glossy red. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, dips, salads and pasta sauces.

Seville

A high-yielding Chilli with compact foliage, green-white flowers and sweet fruits that ripen from pale yellow to mauve and apricot. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, dips, salads and pasta sauces.

Ebony Fire

A high-yielding Chilli with dark green foliage, purple flowers and medium-hot, small fruit that ripens from dark purple-black to red. Use fresh or dried. Ideal for pickles, curries, sauces, soups, marinades, stir fries, salsas, dips, salads and pasta sauces.

The greatest breeding in lettuce! The Salanova® lettuce is the range of lettuce with the convenience of being ready to eat with one cut. With just one cut at the base of the Salanova®, the lettuce separates into multiple evenly proportioned ready to eat baby sized leaves.

Available in 4 packs and ready to be planted into bowls or the garden for the premium lettuce experience.

floweressence

A handy perennial pack in a wide range of premium plant genetics bred specifically for small garden spaces, rockeries, balcony and patio gardening. Mix and match in combinations or plant on masse for an outstanding display of seasonal colour.

This seasons new additions and favourites include:

DELOSPERMA MIX

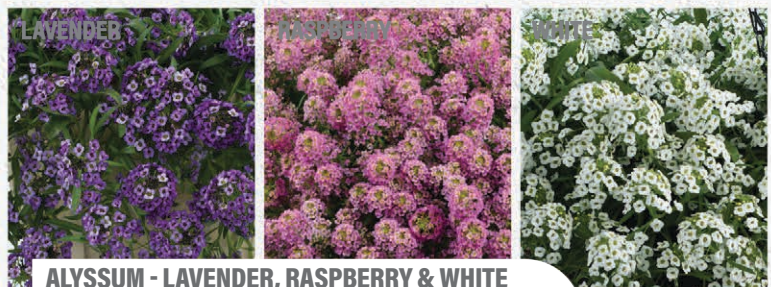

A succulent, perennial ground cover with shimmering, daisy-like flowers. Drought tolerant and hardy.

New

GAURA PINK & WHITE

A low maintenance, clump forming perennial that produces masses of beautiful, butterfly-like flowers.

ALYSSUM - LAVENDER, RASPBERRY & WHITE

These hardy alyssum have been bred to be more heat and drought tolerant than seed varieties and produces non-stop masses of fragrant flowers.

BRACHYSCOME ROCK DAISY VIOLET & FRESCO CANDY

A semi-trailing native producing masses of dainty daisy flowers. Easy to grow and long flowering.

CUPHEA MAUVE AND CUPHEA WHITE

A colourful, compact shrub that bears a profusion of tiny flowers. Low maintenance and hardy.

Signature

S E R I E S

PREMIUM SELECTED VARIETIES

The Signature range was first developed by John Pohlman Snr. A collection of the best performing annuals for the Queensland market. This range continues to grow with new plants being added as new genetics improve.

NEW

NASTURTIUM Red

This is a compact perennial with attractive, almost rounded light green leaves producing an abundance of intense bright red blossoms that are excellent for pots, rockeries, containers or beds.

NEW

STATICE Rats Tail

This is a perennial variety with long thin green stems topped by several branches covered in small mauve pink flowers. The flowers completely cover the stems giving a fluffy pink appearance making an outstanding colour display.

NEW

PETUNIA Shake™ Mixed

A perfect addition to your garden. It combines unique flower colours and patterns borne on compact, basal branching plants which will look stunning when mass planted and ideal for pots, rockeries and hanging baskets.

PORTULACA Strawberries & Cream

Also known as pig face or sun plant. It is a summer flowering annual that is excellent for low borders, edging, banks, and rockeries. Pohlman's Portulaca Strawberries & Cream is a mix of strawberry pinks through to soft creamy white.

GOURMET

Veggies

NOTHING IS FRESHER OR MORE REWARDING THAN PRODUCE FROM YOUR OWN GARDEN

Pohlman's Gourmet Veggies is an ever-expanding selection of the best performing and most unique vegetables, perfect for the veggie patch, patio, balcony or terrace. These 4 cell packs of strong, healthy and established plants are ideal for new or impatient gardeners or those with limited time or space.

LETTUCE Bistro Blend

Lettuce Bistro Blend is a delightful mix of leaf lettuces that can be harvested a leaf at a time. Including red and green cos, plus oakleaf types, this mix will provide a colourful addition to any salad or sandwich.

WATERMELON Red

Watermelon Red produces round, dark green fruit with large stripes, weighing 10-12kg. Flesh is bright red, very sweet and juicy with a fine texture. Can be eaten fresh, in fruit salads, juiced and in sorbets. A good source of Vitamin C.

Our *newest* Gourmet Vegies

NEW

SPINACH NZ Warrigal Greens

Spinach NZ Warrigal Greens is a spreading, native bush tucker alternative to spinach. Leaves have a mild flavour, similar to spinach. Ideal for use in pesto, stir fries, soups, and stews.

NEW

SNOW PEA Bikini

Snow Pea Bikini is a vigorous variety that requires little support, producing sweet, flat, crisp, 10cm long pods. Ideal in salads, stir fries and Asian cuisine. A good source of dietary fibre, protein and iron.

NEW

HONEYDEW Melon

Honeydew Melon is an easy to grow melon. This white skinned variety is round/oval in shape, has smooth skin, and weighs 1.8-2kg. Combine with other seasonal fruit for great fruit salads, eat with icecream or eat fresh.

NEW

ROCKMELON

Rockmelon produces medium to large, oval shaped fruit with sweet orange flesh. Fruit has a firm rind, with a light rib and can grow up to 18cm in diameter and weigh up to 2kg. Combine with other seasonal fruit for great fruit salads, eat with icecream or eat fresh.

TOMATO Sugar Snack

Tomato Sugar Snack bears high yields of extra sweet cherry tomatoes that melt in your mouth. Great for salads, sandwiches or as a garnish. Tomatoes are a good source of Vitamin C and some Vitamin A and should only be refrigerated when over-ripe.

CUCUMBER Patio

Cucumber Patio is specifically bred for patio and pot gardening. The neat, compact plant produces high yields of deep green 15-20cm fruit. Pick regularly to encourage more fruit. Can be used for pickling, salads and sandwiches.

CAPSICUM Big Bertha

Capsicum Big Bertha produces sweet, large fruit that ripens from green to red. Use in cooked dishes, on pizza, in salads and stir fries. Capsicums are full of antioxidants.

*Make delicious
strawberry and
rockmelon icypoles*

STRAWBERRY Sweetheart

Strawberry Sweetheart is an alpine type with white flowers bearing large, deep red, sweet fruit. Best eaten fresh, you can also use in jams, tarts, ice cream, fruit salads and smoothies. Strawberries can be frozen but lose most of their nutritional value.

Fresh flavour at your fingertips

Healthy, strong, established plants in a great range of popular varieties.

Hidden Valley Herbed Butter

Ingredients

- 250gms salted butter
- 1 tbspn chopped parsley
- 1 tbspn chopped basil
- 1 tbspn chopped sage
- 1 tbspn chopped thyme
- 1 tbspn chopped red chilli
- zest of one lemon finely grated

Method

Soften butter then place in a large bowl and mix the remainder of ingredients in the butter. Place on a sheet of baking paper and roll into a log shape and refrigerate for 1 hour. Cut into discs and place on top of your favourite steak 2 minutes before you serve. (serves 4)

MINT Chocolate

The aromatic bronze green foliage combines the uplifting aroma of peppermint with the irresistible fragrance of chocolate. Great for drinks, salads, desserts, sauces, ice cream, cakes, garnishes or use to flavour tea and coffee.

THAI BASIL

Thai basil has a spicy licorice basil flavour and aroma. Great in Vietnamese and Thai cuisine, curries, tomato dishes, pasta sauces, vegetables and soups. Can also be used in herbal teas.

TARRAGON

A popular kitchen herb with upright stems bearing shiny narrow green leaves. The delicate anise taste of the leaves is a handy addition to many dishes. Used to flavour fish, poultry and cheese dishes.

ROSEMARY

The fragrant, evergreen leaves are extremely high in iron, calcium and Vitamin B6. Use in Mediterranean cuisine, lamb, fish, vegetables, meat, soups, stews, rice, jam, jellies and biscuits. Can also be used in herbal tea.

CORIANDER Slow Bolt

Otherwise known as 'Cilantro' or Chinese Parsley, Coriander has a fragrance reminiscent of citrus peel. Both the leaves and seed collected from the plant can be used for culinary purposes. Use leaves in sauces, soups, curries, salads and meats, seeds can be used in stews, ham, pork, Indian Cuisine and pickles.

THE DIGGERS CLUB

Savor the Season: Tomatoes at Their Best!

Grow a rainbow of flavour with Diggers heirloom tomatoes

Simply select your size, purpose and colour and enjoy the flavour of heirlooms.

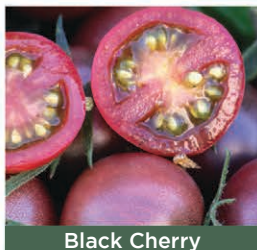

Amish Paste

One of the most popular paste tomatoes in the world. A rich, sweet tomato that's perfect for sauces and pastes.

Beams Yellow Pear

Golden yellow pear-shaped fruits with a healthy shiny skin and firm flesh, this yellow cherry preserves well.

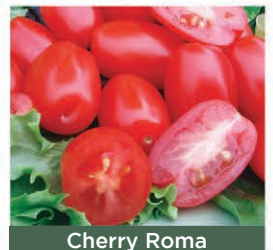

Black Cherry

Named for their dark, juicy flesh, these cherry-like tomatoes produce exceptionally sweet fruit which are full of flavour.

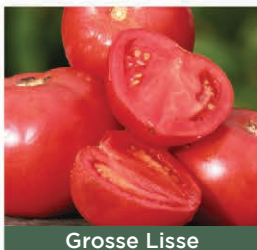

Blue Berries

These tomatoes catch the eye at all stages; blue to pink, then red when ripe in the shade, or deep purple-black in the sun.

Cherry Roma

A sweet and spicy tomato which produces a mass of mini roma-shaped fruits throughout the season.

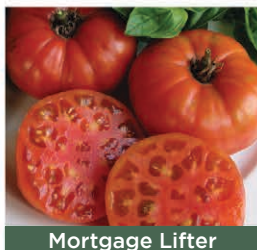

Grosse Lisse

A juicy beefsteak with smooth skin and full flavour, which ripens mid-season on a large, robust plant.

Lemon Drop

An unusual glowing yellow, cherry tomato which grows well in cold, wet weather and ripens over an extended season.

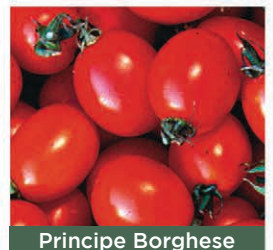

Mortgage Lifter

A popular variety which produces enormous fruit (up to 800g) with excellent flavour, can be picked for up to 3 months.

Periforme Abruzzo

A favourite Italian heirloom tomato with a voluptuous shape, excellent flavour and very juicy. Great for saucing.

Principe Borghese

This dwarf variety has a low sugar, seed and moisture content, making it good for preserving, sauces and sundried.

Red and Black

High in antioxidants with bright red flesh in jet-black skin. This fruit is highly rated for taste, colour and texture.

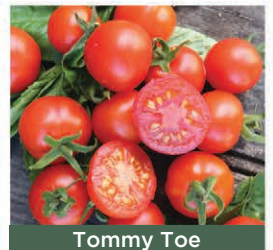

Red Fig

The red sibling to 'Beam's Yellow Pear' takes its name from the similarly-shaped long neck and fig-shaped form.

Tigerella

This high-yielding variety produces delicious 5cm round red-yellow striped tomatoes with superb flavour.

Tommy Toe

Produces sweet 3cm fruits held in a truss of 7-9, fruits 10 weeks from transplant. Winner of the Diggers taste test since 1993.

Our heirloom tomatoes have superior flavour, excellent disease-resistance and many varieties that cannot be found at the supermarket. The best choice for home gardeners, they are treasured antiques, passed from one generation to the next because of their superior flavour and long harvest. So savour the flavour of The Diggers Club heirlooms which have been enjoyed by generations of gardeners, just like you!

Life OUTDOORS

Carex Everest

With its distinctive white striped foliage, that cascades down, Carex Everest makes a great edging plant or stand alone feature grass. It is easy to grow, low maintenance and forms a neat, easily controlled, mound. Grows to 45cm wide x 40cm high, is frost tolerant and enjoys full sun/ part shade.

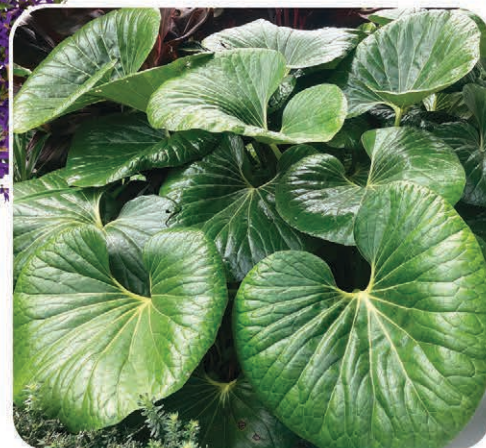

Scaevola Surdivas *New*

This latest addition to the Scaevola offering, the Surdivas are heat tolerant and offer continuous colour right through summer into Autumn. They make a great ground cover, are easy to grow, are self cleaning and work well in hanging baskets and garden beds. Available in 4 colours.

Senecio

ANGEL WINGS

This unique eye-catching perennial will be a showstopper in your garden. Its silvery foliage is hard to resist. Originating from Chile, it is both drought and salt tolerant. It makes a great statement in the garden but is equally as impressive as a stand-alone plant in a display pot. Growing up to 40cm, it is fast growing and forms a nice clump in the pot. Angel Wings looks great contrasting against vibrant colour.

Ligularia Gigantea

The tractor seat plant makes a comeback with a more compact habit and glossy green leaves. Perfect indoors or as a hardy shade loving plant in the garden. A perfect understory plant to cover those dark corners of your garden and bring a lushness to any space.

GROOVY BABY (D)

Compact with a height of 45cm and large, electric purple flowers that cover the plant during the summer months. Can tolerate and performs well in cooler climates as well. Well suited to pots.

PEACE BABY (D)

A stand out selection with large, clear white flowers, with pink stamens. Cold tolerant and a compact height of 60cm.

Tibouchinas

A great addition to our plant range, These Tibouchinas have been bred and selected in Queensland. They are quite dry tolerant once established and grow well in most soil types.

VINTAGE RED

VINTAGE RUBY

VINTAGE PINK

Trachelospermum Star Jasmine

Trachelospermum jasminoides

Star Jasmine is an evergreen climber with beautifully fragrant, white, star-shaped flowers opening from pink buds. It is a perfect cover for fences, walls, old sheds and garages. The fragrant blooms can be used for indoor decoration. It flowers during spring to summer.

Echinacea

SUNMAGIC VINTAGE

These new release Echinacea Sun Magic are true garden performers. Large cone like flowers, sit atop the plant with strong stems. The large number of flowers per plant gives a showy performance in the garden or large containers.

Rudbeckia Sunbeckia

A new introduction in 2023, proving to be a hit with gardeners. Large bright sunflower like flowers, in a range of yellow hues. Great garden performance, and able to withstand the high heat and humidity of the Queensland summer, but also provide long lasting flower power through the season. Available in 180mm pots in a mix of colours.

CARLA

CAROLINA

MAYA

MIA

SARAH

LUNA

Alstroemerias

Alstroemeria, also known as the Peruvian Lily, is a tuberous perennial native to South America. These compact shrubs are celebrated for their long flowering periods in Queensland, and their remarkable drought tolerance. Blooming abundantly for nearly nine months, they add vibrant colour to gardens and make excellent cut flowers for vases.

ROSEY RED

SALMON

Mandevilla Sun Parasol®

The original and still the best – the Sun Parasol® Mandevillas have a bushy vigorous habit with wide range of colours.

This season we introduce two varieties to the market, Stars & Stripes® and Gold. They can be grown as a bush or trained as a climbing vine. The brightly coloured flowers bring a sense of the tropics to any garden.

Sun Parasol® Mandevillas provide a bright blossom, with striking shiny foliage with no dead heading required, giving you more time in the garden to sit back and relax. Create your own tropical paradise with Sun Parasol® Mandevillas.

STARS AND STRIPES®

Unique flowers with red with white stripes. Height 30-60cm with a vigorous upright habit.

GOLD

Yellow flowers with dark throat, with a height of 30 – 60cm. Upright vigorous habit. Makes a great bushy pot plant with its vibrant yellow colour.

Kings Park Grevilleas

The Kings Park Grevillea collection continues to grow, now with 9 varieties available this season. Once established Grevilleas respond well to light pruning to help maintain the desired shape. They require full sun and well drained soil.

Their unique flower shape make for an ideal feature plant in native, waterwise or rockery gardens. Bird attracting, their eye-catching flowers are spectacular.

New

HEIGHT
2M

CUPIDS DREAM

An attractive native shrub with an upright bushy habit and an abundance of large pink cylindrical flowers with white buds. Flower 12 months of the year attracting birds to the garden.

New

HEIGHT

APHRODITES DREAM

A highly attractive upright shrub with fine green foliage and masses of beautiful pink toothbrush flowers with soft orange tones during the winter months. A great addition to native gardens.

HEIGHT
2M

OUTBACK SUNRISE

A compact bird attracting shrub boasting vibrant green foliage with distinctive yellow flowers and bright red styles. Flowers bloom in abundance all year round.

HEIGHT
1.6M

SCARLET MOON

A hardy bird attracting shrub that boasts vibrant green foliage and beautiful large scarlet flowers that continue to bloom throughout the year. Creates contrast within mixed garden beds.

Life INDOORS

If you're looking to improve your health, brighten up your home, or simply bring a bit of nature indoors, adding indoor plants is a choice you and your home, will thrive on!

New **BEGONIA BEWITCHED**

This new series of Rex Begonias will keep you spellbound with their unique leaf shapes and colours. Great in pots, but also perform well in the garden in a sheltered shady location. Available in a stunning range of colours.

New **GRAPTOPHYLLUM PICTUM**

Graptophyllum pictum, also known as the Rainbow Tree or Brushed Graptophyllum, features striking, colourful foliage with vibrant shades of green, pink, and purple. This tropical plant thrives in bright, indirect light and adds a dramatic, exotic touch to any indoor or outdoor garden with minimal care.

*Add a touch
of elegance*

CALATHEA WHITE FUSION

Calathea 'White Fusion' is a striking houseplant with unique, white and green striped leaves that add a touch of elegance. It thrives in low to medium light and requires high humidity and regular watering for best results.

CISSUS ELLEN DANICA

Cissus Ellen Danica is a robust, fast-growing, cascading plant with evergreen grape-leaf foliage. Perfect for indoor or outdoor settings, it thrives in bright, indirect light and needs minimal care.

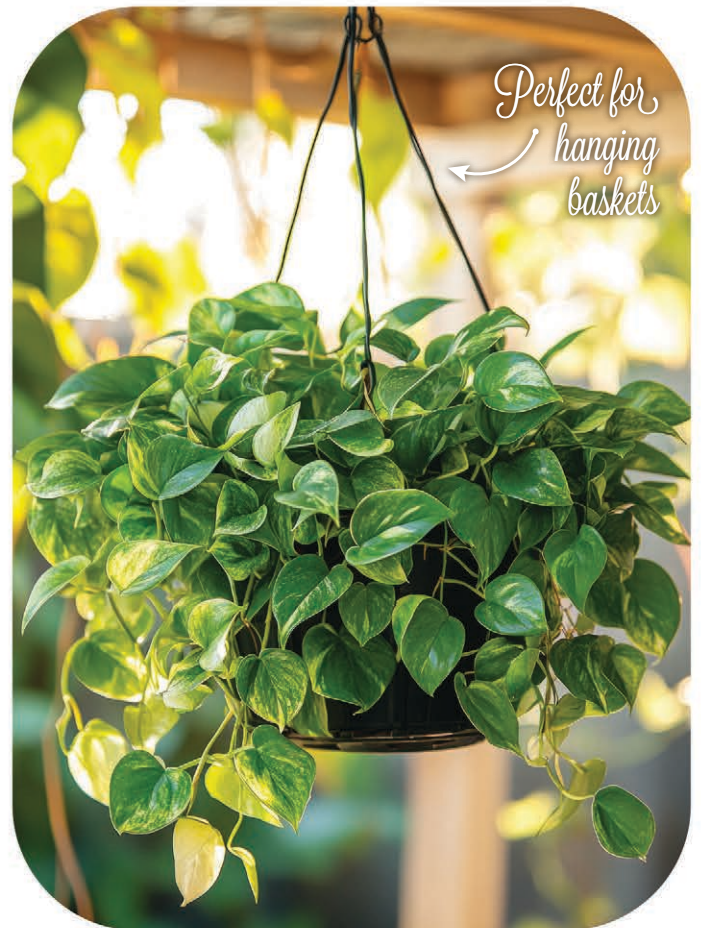

AFRICAN VIOLET

African violets are beloved for their vibrant, colourful blooms and compact, fuzzy leaves. These indoor favourites thrive in bright, indirect light and need consistent moisture. Their adaptability and charming appearance make them a popular choice for adding a splash of colour to any room.

Pothos

With their ease of care, adaptability to different light conditions and resilience to neglect, it's no wonder Pothos are a popular favourite. Their trailing vines and attractive foliage make them a stylish and practical choice for any space.
